Why Innovate, Why Innovation Management

Common problems with housing associations

How do we embrace the needs of our tenants?

How do we manage the increased demand for housing?

How can we minimise costs for maintenance?

How can we ensure housing stocks are maintained to the latest standards?

Can we increase our green credentials?

What improvements can we do to increase staff productivity?

How do we improve staff retention?

Why Plan For Innovation?

Big companies that fail to innovate risk extinction
That's the stark truth in the era of "digital disruption"

"If the rate of change on the outside exceeds the rate of change on the inside, the end is near."

JACK WELCH

The image shows a workspace with a large monitor and a laptop. The monitor displays a webpage with a search bar and a grid of images. The laptop displays the 'edson INNOVATION' website. The website has a blue header with navigation links: HOME, ABOUT, MY IDEAS, COMMUNITY, BLOG, REPORTS, and ADMIN. A search bar is in the top right. Below the header is a 'Quick Stats' section with icons and numbers: 3 Challenges Added, 40 Ideas Submitted, 4 Ideas Under Review, and 2 Ideas Successful. Below this is a 'I Want To...' section with a 'Submit an idea' button and a 'Discover Ideas' button. The main content area features a 'Challenges' section with a grid of challenge cards. Each card has a title, a description, and a 'Days Left' indicator. The cards include images of a factory, a map, gears, and a padlock. A blue semi-transparent banner with the word 'DEMO' in white text is at the bottom.

How do you roll out edison365

Deploy & Setup

Review your Office 365 tenant setup

Deploy app in your Office 365 tenant

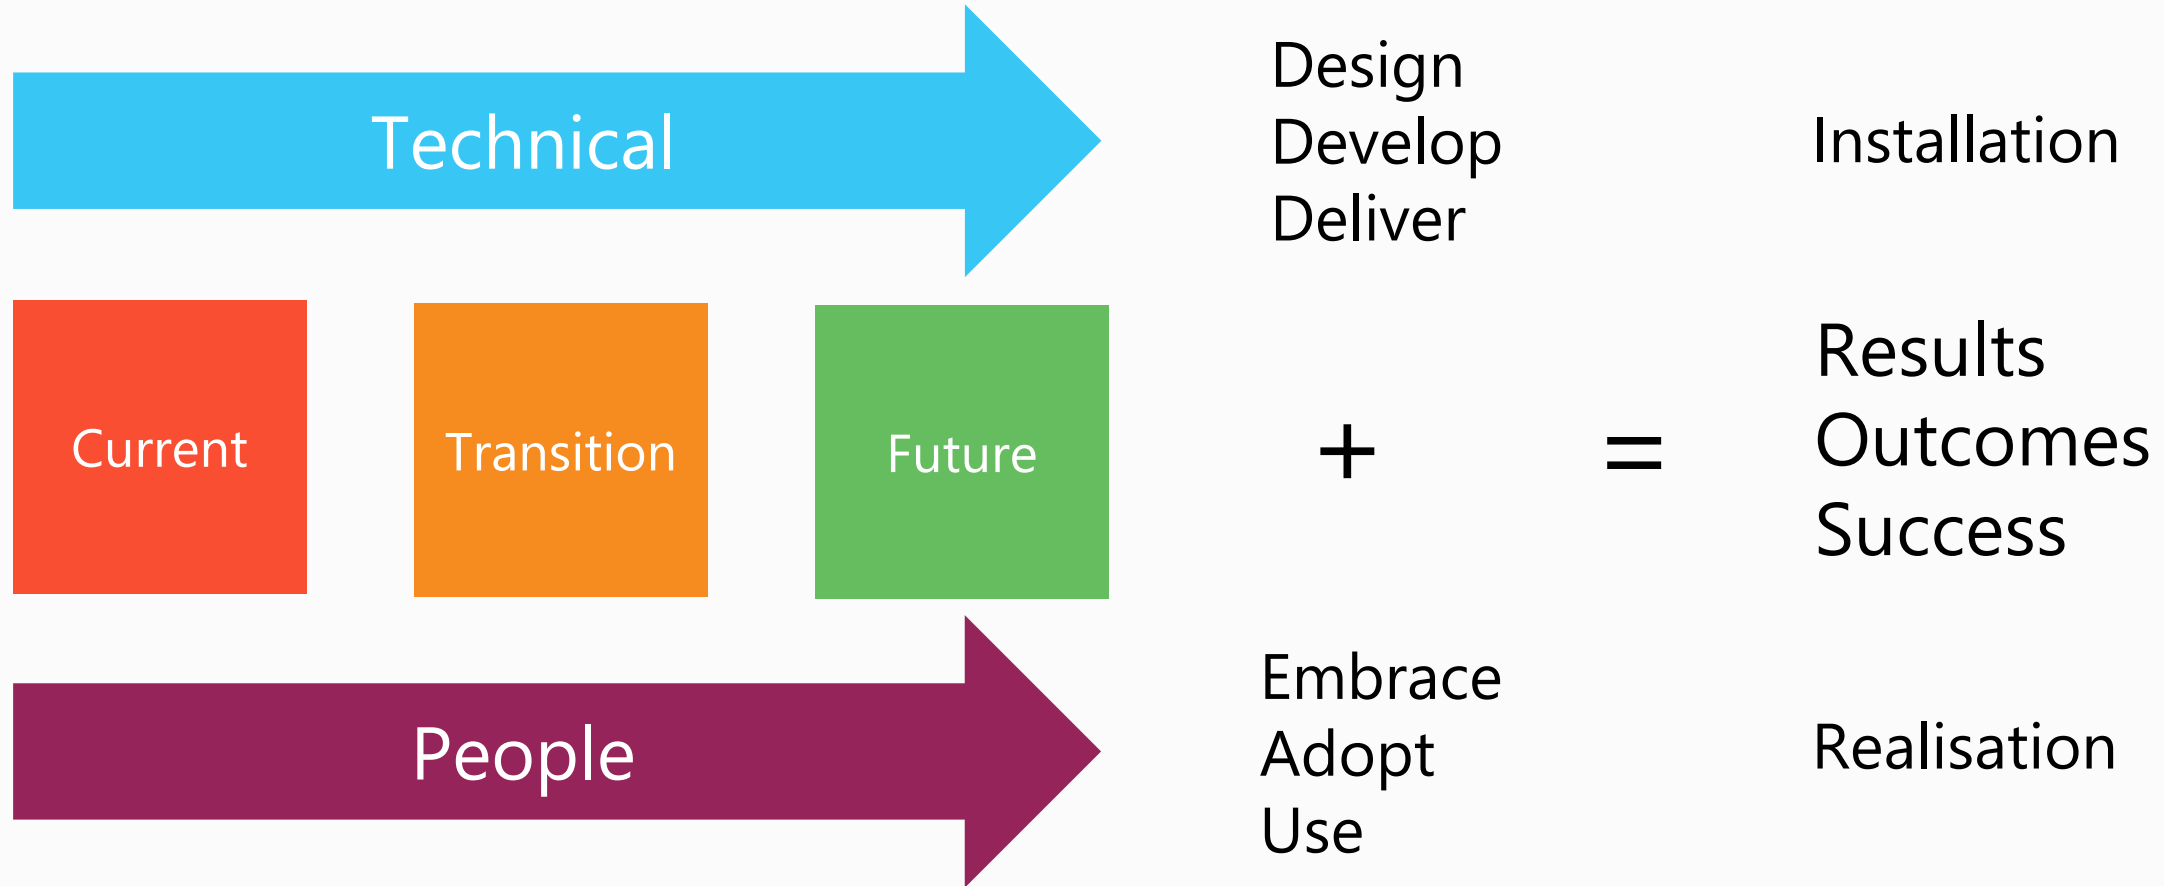

Software Setup

“If you build it, they will come.”

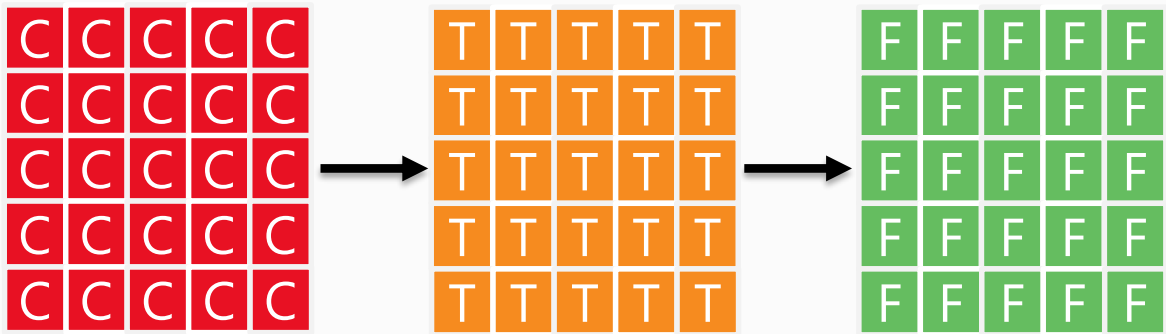

SUCCESSFUL CHANGE

Successful change requires addressing both sides of the equation

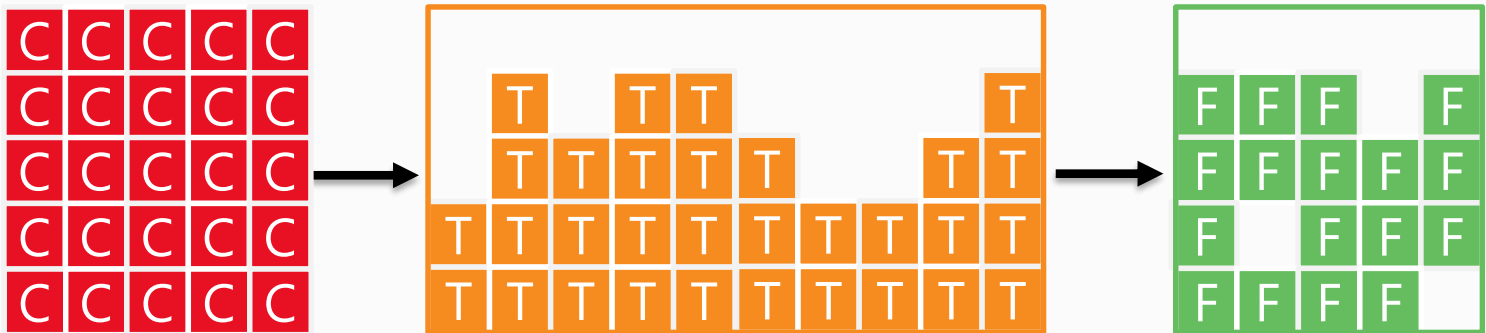

INDIVIDUAL TRANSITIONS DIRECTLY INFLUENCE RESULTS

With effective Change Management

= 'x' results delivered

Without effective Change Management

= 'x' results diminished

How to manage change?

Awareness of the business reasons for change.

Desire to engage and participate in the change.

Knowledge about how to change.

Ability to realize or implement the change at the required performance level.

Reinforcement to ensure change sticks.
